

# **health equity & the transportation system plan**

getting new stakeholders  
involved, invested, and superpumped

Sara Schooley  
Portland Bureau of Transportation

# meet your neighbor

- What is your name and position?
- When you were little, what did you want to be when you grew up?
- What group (outside of your own) do you work with most?
- What group (outside of your own) would you like to work with most?

A soccer ball with black and white panels sits on a green grass field. In the background, a soccer goal is visible, and beyond that, a city skyline with several tall buildings is seen under a cloudy sky. The text is overlaid on the right side of the image.

**goal:**  
integrate health equity into  
the transportation system  
plan

A photograph of a person walking on a paved path. The person is wearing white pants and brown shoes. The path is surrounded by tall, dry grass. The word "health" is circled in red. The text "integrate health equity into the transportation system plan" is overlaid on the image.

integrate **health** equity into the  
transportation system plan

A photograph of a person walking on a paved path. The person is wearing white pants and brown shoes. The path is surrounded by tall, dry grass. The word "health" is circled in red in the text overlay.

integrate **health** equity into the  
transportation system plan

physical activity . air quality . safety  
jobs . social cohesion . noise . education

integrate health **equity** into the  
transportation system plan

integrate health **equity** into the  
transportation system plan

people of color  
people with disabilities  
people who experience language barriers  
people experiencing poverty

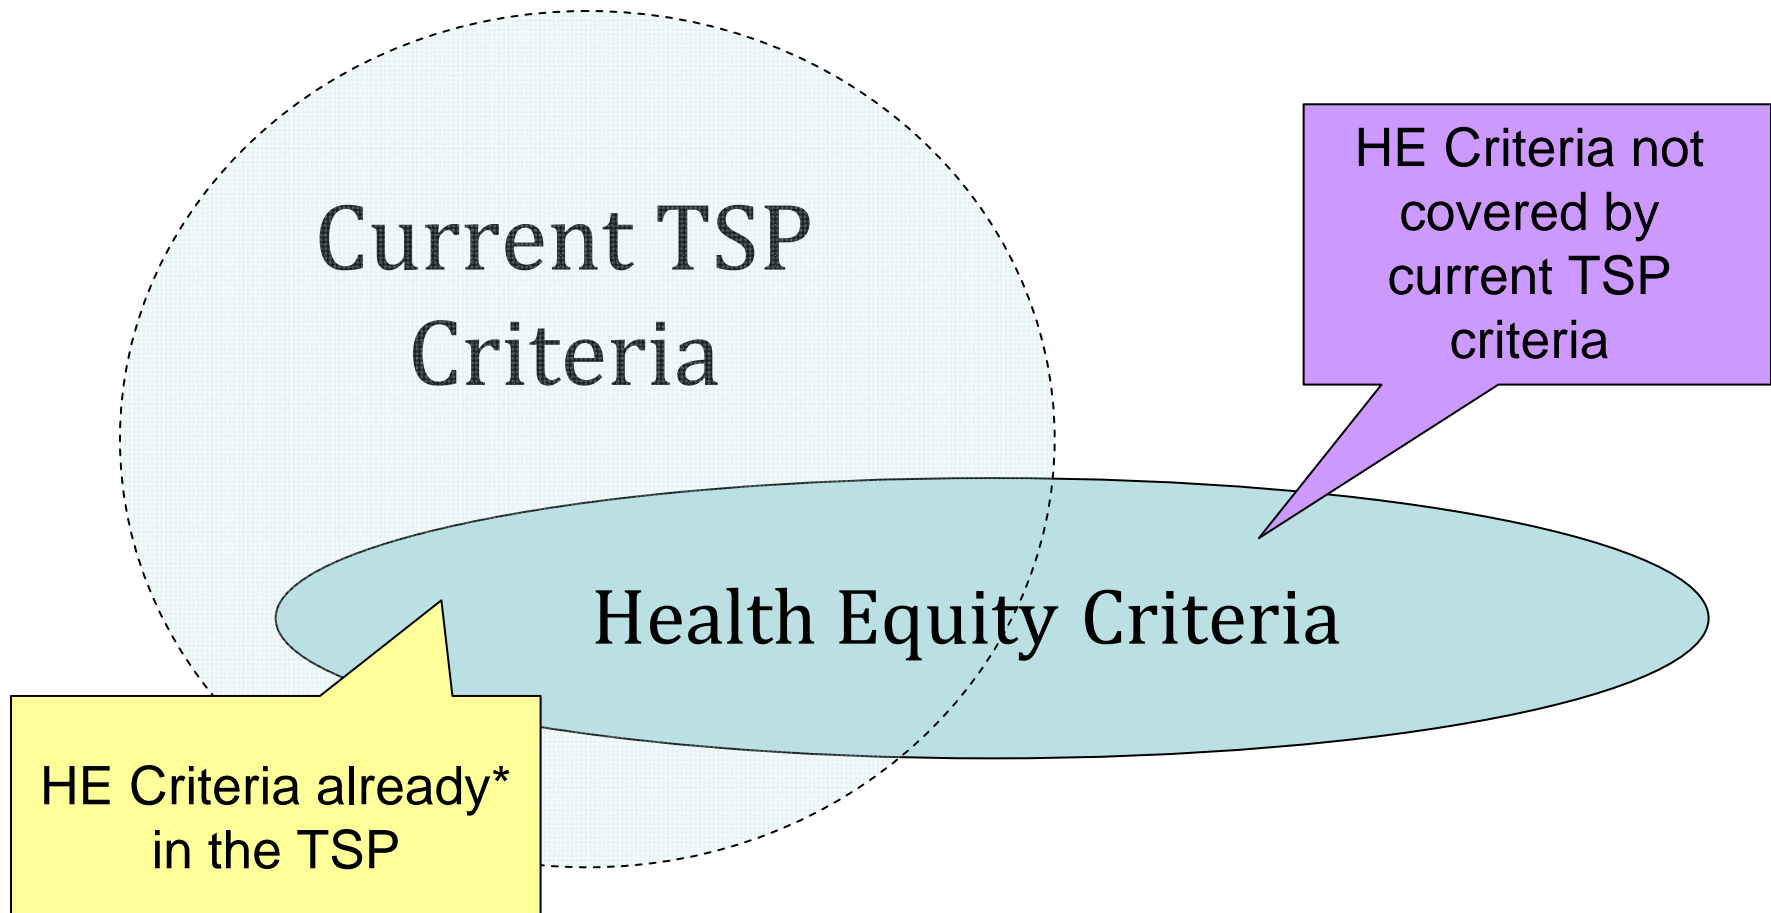

# **process #1**

review applicable  
chapters  
&  
make policy  
recommendations

process #2

health equity criteria

Current TSP  
Criteria

HE Criteria not  
covered by  
current TSP  
criteria

Health Equity Criteria

HE Criteria already\*  
in the TSP

\*maybe

**Most important outcome:**

**relationships & education**
